

NLP Lab 17.2 - Sequence-to-Sequence Translation using Hugging Face

Objective

Understand and implement machine translation using pretrained Transformer models.

```
!pip install transformers torch
```

```

'The system failed due to an unknown error.',  
'Please submit the assignment on time.',  
'Technology is evolving rapidly.']
```

```
for s in sentences:  
    fr = translate_en_to_fr(s)  
    de = translate_en_to_de(s)  
    print(f"Original: {s}")  
    print(f"French: {fr}")  
    print(f"German: {de}")
```

```
print("-"*50)
```

Original: Hello, how are you?

French: Bonjour, comment allez-vous ?

German: Hallo, wie geht's?

Original: Artificial Intelligence is transforming the world.

French: L'intelligence artificielle transforme le monde.

German: Künstliche Intelligenz verwandelt die Welt.

Original: I love learning new technologies.

French: J'adore apprendre les nouvelles technologies.

German: Ich liebe es, neue Technologien zu lernen.

Original: What is your name?

French: Quel est votre nom ?

German: Wie heißt du?

Original: The weather is very pleasant today.

French: Le temps est très agréable aujourd'hui.

German: Das Wetter ist heute sehr angenehm.

Original: Machine learning models require data.

French: Les modèles d'apprentissage automatique nécessitent des données.

German: Maschinelle Lernmodelle erfordern Daten.

Original: This is a complex sentence with multiple clauses.

French: Il s'agit d'une phrase complexe avec plusieurs clauses.

German: Dies ist ein komplexer Satz mit mehreren Klauseln.

Original: Can you help me with this problem?

French: Pouvez-vous m'aider avec ce problème ?

German: Können Sie mir bei diesem Problem helfen?

Original: Natural language processing is fascinating.

French: Le traitement naturel du langage est fascinant.

German: Natürliche Sprachverarbeitung ist faszinierend.

Original: We are preparing for the exam.

French: Nous nous préparons à l'examen.

German: Wir bereiten uns auf die Prüfung vor.

Original: He went to the market and bought fruits.

French: Il est allé au marché et a acheté des fruits.

German: Er ging auf den Markt und kaufte Früchte.

Original: Deep learning uses neural networks.

French: L'apprentissage profond utilise des réseaux neuronaux.

German: Deep Learning nutzt neuronale Netzwerke.

Original: The system failed due to an unknown error.
French: Le système a échoué en raison d'une erreur inconnue.
German: Das System ist aufgrund eines unbekannten Fehlers fehlgeschlagen.

Original: Please submit the assignment on time.
French: Veuillez soumettre l'affectation à temps.
German: Bitte reichen Sie den Auftrag rechtzeitig ein.

Original: Technology is evolving rapidly.
French: La technologie évolue rapidement.
German: Die Technologie entwickelt sich rasant.

Step 5: Analysis

- The translations are generally accurate.
- Grammar is mostly correct.
- Complex sentences may slightly lose meaning.
- Technical terms are sometimes preserved.
- Different languages show structural differences.

Conclusion:

Pretrained Transformer models provide efficient and accurate translation without training.
